

“Thanks, Domino.”

VIDEO: Expanding their label printing business into Green Bay, WI, Smyth Companies discuss why they chose the Domino N610i digital UV inkjet label press.

“We chose the Domino because of the opacity of the white, the brightness and expanded gamut of all of the colors, the high-definition print quality, the speed of the press, and a lower consumable cost resulting in a lower total cost of ownership.”
- Scott Fisher, President, Smyth Companies

Why DOMINO?
