

# Maximizing Consistency with Domino N610i

## Color Management Training Workshop

With Domino, you get MORE.

**More Speed. More Throughput. More Capacity.  
More Revenue. More Profit.**

Domino makes it easy for you to 'do more' and get more with our Color Management Training Workshop. Achieving consistent and repeatable color to an industry standard on a new digital press often requires press time that your shop cannot afford to give up. Let the Domino Digital Solutions team help you increase your uptime by training your team on color management.

Domino. Do more.
